## Large Attendance At The Drama Festival, Wed'day

Coleman Drama Club Praised By Adjudicator; Comedy By Hillcrest Society Well Received

A capacity audience attended the first night of the Lions' drama festival on Wednesday evening. The second evening's performance will be held to-night with the overture at 7.45 and the first play at 8 p.m. sharp.

A number of dances by high school students and under the direction of Principal Hoyle were enjoyed. The dances were representative of British as well as a number of European countries. The school choir, under the direction of Jim Cousins, sang a number of songs beautifully.

Coleman Drama Club players were magnificent in their presentation of the play "Still Stands The House." Adjudicator Hobson, of Calgary, praised the players for their performance and pointed out a few minor faults. He will announce the marks on this play at the close of to-night's performances.

Hillcrest Dramatic Society dealt with the comedy "Airman's Forty Eight." The players were quite humorous and kept a continual flow of laughter coming from the audience. Since the same play will be given by Cardston Dramatic club this evening Adjudicator Hobson refused to comment upon it and will give his criticism this evening.

W. H. Moser and orchestra played a number of fine selections and kept the program flowing smoothly between stage changes.

Wm. Cole, of Bellevue, gave a five minute address on why the public should purchase the Sixth Victory Loan bonds. He stated the loan should be the number one thought in all citizens' minds during the next three weeks. He urged all to buy an extra \$50 bond.

## Coleman Elks Visited Granum Lodge

On Tuesday evening of last week thirty local Elks motored to Granum in company with three carloads of Elks from the Blairmore lodge. The Coleman herd was led by E. R. Herb Sherratt.

The occasion was the district meeting of the Alberta Elk Association and was presided over by D.D. P.E.R. Pitt, of Granum. Other high ranking officials from Calgary were also in attendance.

Following the business session a sumptuous banquet was served and the social program lasted well into the wee hours of Wednesday morning. The Coleman gang landed home at 4 a.m.

Bags, bagging and baling materials are now under a price ceiling.

FREDA ANTROBUS  
ON CBC TONIGHT

Tonight, from 8:15 till 9 p.m. over the CBC Freda Antrabus will be heard in a quartette along with Mary Palmateer, Gordon Wrye, tenor, and Norman Cherrie, baritone. The program is known as the Liza Lehmann's Daisy Chain and will originate in Toronto studio.

## Three St. Paul's United Church Workers Honored

On Friday, April 14, the members of St. Paul's choir and St. Paul's United church met at the Manse as the guests of Rev. and Mrs. George Kettyle.

Guests of honor for the evening were Mr. James Cousins, Mrs. Vernon Brown and Mrs. James Bell. In appreciation of their untiring efforts to help the church Mr. Joseph Emmerson, on behalf of the choir, presented each with a gift. Rev. George Kettyle expressed appreciation for the leadership given by the conductor and for the faithful co-operation received from the organists.

Funeral was held on Sunday with many friends in attendance. The Polish Society was in attendance and provided the pallbearers. Services were conducted at Holy Ghost church, Rev. L. Sullivan officiating. Interment was in the Catholic cemetery.

Pallbearers included W. Badzioch, W. Glowach, J. Handzel, W. Simla, P. Fox and T. Jakubiec.

## HIGH SCHOOL STUDENTS TO PUBLISH THE JOURNAL NEXT WEEK

Next week the entire issue of the Journal will be in the hands of Coleman High School Students who have accepted the invitation of the publishers to avail themselves of the experience of publishing a weekly newspaper.

All important meetings, concerts, the drama festival, etc., will be covered by student reporters.

## IMPORTANT NOTICE TO PARENTS

All babies receiving new No. 4 rating books are also supplied with No. 3 book which contains F coupons, and any applications for new books for babies up to May 25th will also receive a No. 3 book with F coupons so that sugar can be secured for their regular requirements.

...V

## John Lock Died of Heart Attack While at Work

Had Worked in Fernie, Michel and Corbin Mines; Funeral was Held on Sunday

Death struck suddenly on Friday morning when John Lock, working at McGillivray mine, suffered a heart attack. Upon seeing him fall to the ground nearby miners rushed to his aid only to find him dead. Dr. Maynes, called to the mine, examined the body and found that a heart attack had caused death.

Born at Juszczyne, Poland, in 1911, he came to Fernie where his late father was then employed. He worked at the Fernie mine later, gaining employment both at Corbin and Michel.

In 1928 he came to Coleman and secured employment with McGillivray Creek, with whom he remained to the moment of his death.

He resided in East Coleman for years before occupying a room at the Coleman hotel a few months ago. He had often complained of sickness and was not in good health. He never married and surviving are a sister in the Edmonton district and a niece, Mrs. Petrosky of Coleman.

Funeral was held on Sunday with many friends in attendance. The Polish Society was in attendance and provided the pallbearers. Services were conducted at Holy Ghost church, Rev. L. Sullivan officiating. Interment was in the Catholic cemetery.

Pallbearers included W. Badzioch, W. Glowach, J. Handzel, W. Simla, P. Fox and T. Jakubiec.

## Pass Choral Society to be Heard at Concert

Concert Sponsored by Canadian Legion in Aid of Overseas Welfare Fund; Singers to be Heard from Pass Town; Jim Cousins is Conductor.

On Wednesday, April 26, at 8 p.m. a concert will be held in the Community hall in aid of the Overseas Welfare Fund. The local branch of the Canadian Legion is sponsoring the concert which will feature the Crows Nest Pass Choral Society.

This organization, conducted by Jim Cousins, is comprised of singers from Coleman and Blairmore who practice all winter and usually put on a concert for some worthy cause in the Spring.

As no better cause can be found than the local "Cigarette Fund" this year's concert will be in aid of that fund.

Owing to the large number of local men now overseas the drain on the men has been great and a good turnout next Wednesday would help considerably to keep the "signs" flowing.

The choir will sing numbers familiar to most music lovers such as Gounod's "Babylon's Wave" and Rubinstein's "Kamennai Ostrov", as well as a few more modern arrangements. To

help out there will be several local artists singing solos, duets and quartettes.

Violin, piano and accordian selections will also be featured.

Reuben Johnson has been in charge of arrangements and he has spared no effort to put on a good show. Mr. S. C. Short, of the Legion, will be concert chairman. Admission for adults is 50¢.

## AMOS CELLI MARRIED OVERSEAS

The wedding occurred on Nov. 27, 1943, of Sgt. Amos Celli, son of Mr. and Mrs. A. Celli, to Eileen Murray, staff nurse at the E. S. Co. hospital, and daughter of Mr. and Mrs. J. Murray, of Stokestown, Ireland.

Lethbridge Herald Engraving.

## Mrs. Stewart Milley Leaves Coleman After 36 Years Residence

Mrs. S. Milley planned on leaving to-day for Calgary where she will take up residence. Mrs. Milley has resided in Coleman during the past 36 years.

On Thursday, April 13, the friends of Mrs. S. Milley met in the home of Mrs. E. Lonsbury to honor Mrs. Milley who will leave Coleman shortly to take up residence at Calgary.

Bridge was enjoyed, there being three tables in play. Honors were won by Mrs. I. Neilson and Mrs. J. Emmerson. A dainty lunch was served, followed by Mrs. Lonsbury, on behalf of all the friends assembled, presenting the guest of honor with a beautiful picture of Crows Nest mountain. Mrs. Lonsbury expressed regret at Mrs. Milley's departure and stated she would be missed in the community in which she had spent the past 36 years.

DINNER PARTY

Mrs. Jack Nash was hostess at a dinner party on Easter Sunday in honor of Mrs. Stewart Milley, who is soon to leave Coleman to take up residence at Calgary. Ten guests were present.

...V

## MR. AND MRS. TOM RYPHEN BUY DAIRY AT BLAIRMORE

Mr. and Mrs. Tom Rypien, residents of Coleman for the past 41 years have purchased a dairy on the western outskirts of Blairmore and have now taken up residence in their new home. Associated in the business with them are their son-in-law and daughter, Mr. and Mrs. John Yuris, formerly of Hillcrest.

Mr. and Mrs. Rypien came to Coleman in 1903 direct from Poland. The former secured employment with International company and worked in their employ up to a short time ago when ill health caused his retirement. All their family, Annie, Pauline, Mary, Helen, Emily and John first saw the light of day in Coleman.

They operated a dairy known as Rypien's Dairy for 24 years in Coleman before launching forth in this new business venture. The new dairy was purchased from Jules Reners, of Blairmore, and boasts of 50 cattle as well as a home and fine barns. They are now selling milk in both Coleman and Blairmore.

An M. P. confesses that he found nothing in his first radio speech an infinitely boring process. It was of course in the unique position of being the only one of his listeners who could switch him off at lunch.

## 1944 School Estimates Total \$50,000

Routine Matters Discussed By the School Board.

Regular meeting of the school board was held on Monday evening, with Chairman Evans presiding.

An insurance policy covering the transportation of children to school was renewed. Premium was \$20.

Harvey Wheatcroft, who held a contract with the school to tune the pianos, has been taken into the armed forces. Mr. Fred Wheatcroft was engaged until such time as Mr. Harvey Wheatcroft is once again free to follow his profession.

Estimates totalling \$50,000 were submitted to council for its approval.

Mr. Geo. Grosko was present to find the reason why his children had been failed in their monthly report. The board was informed that the children had been disobedient to the teacher and she had been compelled to fail them. Mr. Grosko was informed that the children must be obedient to the teacher and that the trustees were unanimously in agreement with her.

The resignation of Mrs. H. Raymond as janitress was received and accepted. The board will consider applications received a few months ago, and which have been kept on file, in order to fill the vacancy.

## JUNIOR RED CROSS DONATES EIGHT DOZEN EGGS TO HOSPITAL

Ever alert to do good, the Coleman branch of the Junior Red Cross purchased eight dozen eggs at Easter and donated them to the sick at the local hospital. Their gift is sincerely appreciated by the hospital staff and the board who in turn extend their deepest appreciation for the gift and the members' thoughtfulness.

## ARRIVES OVERSEAS

Mr. and Mrs. Mike Kovac have received word of the safe arrival overseas of their son, Sgt. Micky Kovac, RCAF.

...V

## Sports Association Held Annual Meeting

Financial Report Read; Summer Sports Discussed; Only Five Members Present.

Usually when few members turn out to a meeting to hear an important organization's financial report it can pretty well be taken for granted that the organization is functioning smoothly. Such must be the case in regard to Coleman Community Sports' Association, when only five members turned out for the financial meeting in the Community hall on Sunday evening, in addition to the sports' committee.

The financial report was read and showed some \$600 in the treasury. It was suggested that local firms sponsor Pee Wee softball during the summer and some action is expected to be taken along this line.

The Association will co-operate with the council in seedling to grass the sports field this spring. The July 1 Sports Day will also be celebrated.

...V

## BIRTHDAY PARTY

Fifteen friends gathered at the home of Mr. and Mrs. B. Chernicki on Thursday, April 13, to help celebrate the occasion of Vienna's eighth birthday. Games were played, followed by a dainty luncheon. The guest of honor was presented with many lovely gifts. The party broke up about 9 p.m. with the guests singing "For she's a jolly good fellow."

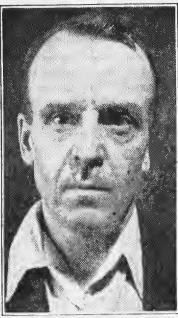

Mr. and Mrs. Harold Jones and children, of Nelson, were the recent guests of their respective parents, Mr. and Mrs. A. Jones and Mr. and Mrs. J. Michaelsky. Mrs. H. Wilson left on Tuesday for her Calgary home after spending a few days with her parents, Mr. and Mrs. T. E. Flynn.

## FINAL WARNING

Any person who has failed to take out a license for his or her dog on or before May 1 next, will be prosecuted.

Coleman Town Council  
WM. ANTLE, Chief Constable.

(Continued on Page 7)

**Saves Child**

Walter Fetterly, Canadian Pacific Railway locomotive engineer, of Winnipeg, was bringing his freight train into Minnedosa, Man., when he saw an object struggling in a hole in the ice of the Little Saskatchewan river. He stopped his train, ran to the river and "swam" his way out over the ice to save the life of an eight-year-old Minnedosa girl who had fallen in. Engineer Fetterly has been 34 years with the Canadian Pacific, enlisted on August 31, 1914, and was overseas for four years in the first Great War.

**SAFE MILK SUPPLY NEEDED**

"Individuals who agitate against pasteurization of milk and milk products are not serving the best interests of their fellow countrymen," the Health League of Canada said. The League reaffirmed its determination to achieve national compulsory pasteurization.

"Those individuals who, chiefly by letters to newspapers, attack the advisability of pasteurization are either ignorant of the facts or are prompted by other motives," The Health League declared. "The public should realize that these persons are setting up their unsupported opinions against the universal findings of the medical profession and associated scientific workers."

"Milk is a wholesome, beneficent food, if proper precautions are taken. In its raw state it is a menace to health and life," the League said. "It is doubtful if in all the wars in human history as many people have been killed, as there have been by drinking unpasteurized milk."

"Weeding out of dairy herds those animals which suffer from tuberculosis, Bang's disease, and other communicable diseases, is a necessary step, but this alone will not assure a safe milk supply," it was stated. Milk has frequently been found to have been contaminated by human handlers.

"Those who oppose pasteurization should be prepared to accept some responsibility for the harvest of lives and sickness taken annually in Canada by such milk borne diseases as bovine tuberculosis, undulant fever, typhoid and paratyphoid fevers, septic sore throat, diphtheria and scarlet fever."

**Lend-Lease**

**Says Russia Has Asked U.S. To Continue Aid For Three Years After The War**

The London Sunday Observer said that Russia has asked the United States to continue lend-lease aid for three years after the close of the war in Europe.

Washington's reply, the newspaper continued, was reported to be a request for a promise that Russia will co-operate fully with the Western powers in the waging of the war against Japan.

"On this question, however, Moscow has been reluctant to make any commitment," the Sunday Observer said.

"The result is that Washington has deferred giving a definite reply to the Russian lend-lease request and now is considering what policy to adopt should the Russians remain unwilling to pledge support in the war against Japan."

A ship travelling in convoy to England requires two and a half hours for a round trip.

Safety pins were first devised by Walter Hunt in 1849. 2564

**WORLD HAPPENINGS BRIEFLY TOLD**

Children are playing in the streets of Gibraltar after an absence of almost four years, despatches from La Linea said.

London's anti-aircraft barrage for one night cost \$450,000, Sir Harold MacKintosh, chairman of the national savings committee, disclosed.

Life insurance policies in effect in Canada stood at \$8,534,135,275 at Dec. 31, 1943, an increase of \$685,379,970 from Dec. 31, 1942.

Since Canada's entry into the war, more than 100,000,000 tons of food, munitions and essential materials have been sent over the Atlantic.

There are 50,431 Italian prisoners of war in South Africa. Of these, 10,434 are employed by farmers and 3,678 are employed on government works.

Railway traffic in England has reached a new "high" to the extent that the railways are now operating 1,000,000 ton miles per hour more than they did before the war.

Great Britain made a survey of the historic monuments in the British Isles and found 3,600; 2,205 of these are in England, 600 in Wales, and 600 in Scotland.

Hitter has decreed that "every man in Greater Germany will have to learn to shoot." The German News Agency, reporting the order, said "every German ready to defend his fatherland must show his readiness."

The Polish population of Warsaw has fallen to 750,000 from a 1939 total of 1,300,000, the Polish Telegraph Agency said, and more than 500 people are dying monthly there of tuberculosis.

**Waiter Was Cautious**

**Not Taking Any Chances Of Getting Into Trouble**

As we got this story, a suburban matron steamed into the Baltimore restaurant for an appointment with her husband, who had arranged to take her to lunch with a business acquaintance. Not finding him in the lobby, she made for the dining room. At the entrance, the headwaiter asked if he could help her. "No thank you," the matron said. "I just want to go inside and look for my husband. He's lunching here with a friend." At this, the headwaiter unfortunately blocked her way and casually inquired, "A lady?" "No, a man," she said. "Oh, that's all right, then," he said, bowing her in.—The New Yorker.

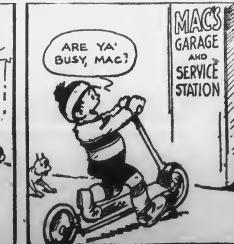

All experiments justify the hopes of the experts then the wheat seed will be distributed in quantities of four or five bushels to all farmers who apply.

An early Polish clockmaker spent 12 years building one masterpiece which ran 10 months on one winding.

In 1935 a Russian glider pilot made 300 loops, said to be a world record.

**REG'LAR FELLERS—Time to Retire**

BY GENE BYRNES

**Trans-Canada's First Employee**

When Trans-Canada Air Lines was organized on Dec. 31, 1937, its first employee was Donald R. MacLaren, D.S.O., famous ace of the last war. He came to T.C.A. from Canadian Airways, in which he was Assistant General Manager, Pacific lines, based at Vancouver, and taking in territory as far as the Yukon. He was Superintendent of Passenger Service for Trans-Canada, at operating headquarters, Winnipeg.

T.C.A. has just awarded service pins to all its employees with five

years' service and more. In issuing them, H. J. Symington, C.M.G., K.C., President, said that the initial building of a modern transport system had been "a great and satisfying undertaking" and that the service pins would be given "as a concrete recognition of the job done." Pins are being held by the 30 employees on active service overseas.

The photograph shows W. E. English (left), Assistant Vice President, presenting the pin to MacLaren.

**Will Resist Sawfly**

**New Wheat To Be Tested On Prairies This Year**

By about 1946, if all goes well, farmers in western Canada will be able to start growing a wheat which will resist the ravages of the sawfly. The outcome of ten years' painstaking research by Dominion government agricultural experts, this wheat is to be given comprehensive tests on the prairies this year. At experimental farms and universities it will be given thorough plot tests followed by further milling and baking tests.

Some of the experimental wheat is now nearing harvest in southern California. The seed was taken to California to take advantage of climatic conditions in order to speed up production. One Dominion government official said: "If we come through this year's tests we will be fairly certain that the wheat will stand up."

If all experiments justify the hopes of the experts then the wheat seed will be distributed in quantities of four or five bushels to all farmers who apply.

An early Polish clockmaker spent 12 years building one masterpiece which ran 10 months on one winding.

In 1935 a Russian glider pilot made 300 loops, said to be a world record.

**SUNDAY SCHOOL LESSON**

APRIL 23

**PAUL BECOMES A MISSIONARY**

Golden text: The Holy Spirit said, Separate me Barnabas and Saul for the work wherinto I have called them. Acts 13:2.

Lesson: Acts 13:1 14:28.

Devotional reading: Acts 16:11.

Explanations and Comments

The First Foreign Missions Chosen and Ordained at Antioch of Syria, Acts 13:1 3. In the flourishing Christian church at Antioch there were prophets and teachers of special gifts. Among them was Barnabas, a local and helpful Barnabas; Semes who was called Niger, Black, doubtless an African; Lucius of Cyrene, the province in north Africa lying next to Egypt, who perhaps was one of the Cyprian evangelists who had helped to establish this church at Antioch, Acts 11:20; Manaen, who was the "foster brother" of Herod the tetrarch (Herod Antipas, son of Herod the Great), seemingly a person of some social importance, whose name in Tarsus, where he was born, means "son of Manaen" and Lucius and Manaen, and yet it is good to have their names, for they remind us of the host of faithful witnesses of the truth who stood back of the Christian movement, and encouraged the leaders to carry the gospel forward, in one of their first tales speaks of "the faithful who are not famous." What should we do without them? All great causes demand great leaders. Without Paul and Peter, the early church would have been but an un disciplined army with no officers, or as a rope of sand; but Niger and Lucius and Manaen were needed as surely as Barnabas and Paul! The New Testament church, with its services of worship, prayer and fasting, the Holy Spirit directed it to send forth Paul and Barnabas, their leading workers to the work to which he had called them, to the forward movement into the Roman Empire.

This was with special significance, the other Christians, after fasting, pray and laying their hands on the chosen missionaries, sent them away on their mission. The Greek verb here translated "set aside" is properly "set free". The laying on of hands signified a bestowal of the blessing of the Antioch church on its representatives in the foreign field.

**Definitely Not Over**

Travel By Boat Will Likely Be Greater After War

Although the advertisements shout about the great streamlined airliners of the future, the truth is that probably more people will be travelling by boat after the war than ever before. Curtis Reed says the pent up desire for travel will best be realized by sea travel and not by the quick hops from point to point that a plane makes and the truth of the matter is that for all the people who are in a hurry and want to get to their destination fast there are many more who are not in a hurry. Also the bulk of freight will still go by sea, so the day of the ship is not over by any means. Liberty.

**Still Quite Sound**

Church In Rome Has Oldest Wooden Doors In Existence

Cypress manufacturers are proud of the fact that the oldest wooden doors in existence are the cypress doors of Saint Sabina's Church in Rome. These doors, made about 425 A.D., are carved to represent the life of Christ, and are said to be the earliest illustration of the Crucifixion extant. After more than fifteen hundred years' exposure the doors are still quite sound. Decay has not touched them.

**A LOT OF WOOL**

Evidence of returning freedom of the seas may be found in the news that the United States is being swamped with wool. Ships returning from Australia and New Zealand are carrying wool as ballast, and now there is a stockpile of about 300,000,000 pounds. Still, wool is a good thing to have about in this variable climate. Toronto Globe and Mail.

**Disappearing Islands**

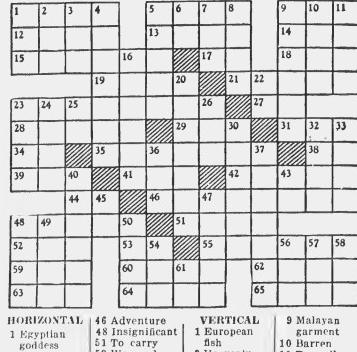

Many Are Nothing But Tops Of Submarine Volcanic Peaks

There are volcanic areas under the sea as well as on land, and many islands are nothing more than the tops of submarine volcanic peaks. Christmas Island in the Indian Ocean, for instance, is thought to be the top of a submerged mountain 14,000 feet high, and Pantelleria is an extinct volcano. About a hundred years ago an island of cinders and ashes rose 200 feet out of the sea between Sicily and the African coast, though in three months it was washed away by the waves. In the Bering Sea, too, islands have been rising and disappearing frequently during the last century. Here, land formed by one eruption is frequently submerged by the next, and Bogoslof Island especially has been a nuisance to navigators.

One of the most comfortable places to live is just within your income.—Toronto Globe and Mail.

NATIONAL SELECTIVE SERVICE

**If You Employ Male Persons**

Have they all complied with the Military Call-Up?

- By an Order signed under authority of the National Selective Service Mobilization Regulations:
- Every employee of male employees must make an examination of the documents of all male employees, and forward advice on those who fail to produce documents showing good standing under Mobilization Regulations.
  - This examination must be completed by May 1st, 1944.
  - "EMPLOYER" includes industrial and commercial employers, and also farm operators.
  - "MALE EMPLOYER" includes all male persons working for you.
  - A booklet "EMPLOYERS' GUIDE," has been sent to industrial and commercial employers. A return post card has gone to farm operators.
  - If you employ any male person, and have not been notified of the survey by booklet or post card, contact the nearest Employment and Selective Service Office and ask for the booklet.
  - Workers in agriculture, of military age, who have not been rejected by the Army and who have not a Postponement Order, should apply for such order to the nearest Registrar immediately.
  - Obligation to make the examination rests on each and every employer of male persons, and employers must act.
  - Penalties are provided for failure to carry out this examination, and for male employees failing to assist by refusal to produce documents.

**Cigarette Fund Notes**

Dear Sirs: Received cigarettes. Thanks a lot for your cigs received to-day. I am sorry that I had not sent the cards back. Will do so in future.—T. Pietrakzo.

Dear Friends: Just received your carton of cigarettes this morning. Many thanks. H. Campbell.

Dear Sirs: I received two shipments of your ever welcome smoke. I want to thank all who make them possible. Dan Daly.

Dear Sirs: Cigarettes for February received to-day. Thanks a million. Lately we have been enjoying wonderful weather. A. MacQuarrie.

Dear Sirs: I received cigs. O.K. Appreciate them very much. T. Tarabula.

Dear Sirs: Thanks for the welcome and appreciated cigarettes. J. P. McIntyre.

Dear Members: Received your January issue. Please convey my thanks to the Legion members and all those who make these gifts possible. They are sincerely appreciated. O. Hirsch.

Dear Sirs: Received two parcels of cigarettes. Thanking you and all those responsible. John Howarth.

Dear Sirs: Cigs. received for month of January. Spring just around the corner. So long and thanks. . . . Allister.

Dear Sirs: Received smokes, thank you.—J. Mac Quarrie.

Dear Sirs: Received cigarettes safely. Thank you very much. Regards to all my friends—Alfred Jones.

Dear Sirs: Thanks for the cigarettes which I appreciate very much.—A. Haluck.

Dear Sirs: Smokes are coming through splendidly and are really appreciated on the receiving end. Thanks to all who make these gifts possible.—Robert Lowe.

Sirs: Thanks for the cigarettes. They surely are appreciated. —J. Hogan.

Dear Sirs: Thanks a lot, receiving cigs. O.K.—J. Kroesing.

Dear Friends: Many thanks for your cigs. received to-day. I am sorry that I had not sent the cards back. Will do so in future.—Jimmy Anderson.

Sirs: I wish to thank you for cigarettes received. Hope, all is well in Coleman. I am fine. H. Burtnik.

Sirs: Received cigs. O.K. Am still in England and doing very well. Hope you are all well and that I will see you soon.—Geo. Burtnik.

Hello Friends: Thanking you a million for cigs. received to-day.—U. DeCocco.

Dear Sirs: Received another 300 cigarettes. Thank you and the people of Coleman who keep us supplied with smoke.—Geo. Burtnik.

Hello Folks: We have just received another 300 cigarettes each. Thanks for same—Fred, Bill and Jesse Hirst and Tommy Sudworth.

Dear Sirs: Thanks for cigarettes received the other day. Saw Johnny Chieslak and he seems to be doing all right. Pete Smith. —V—

## ARMENIAN LETTERS

A letter was received at The Journal office this week from Tommy Brennan giving his new address. The letter states in part:

"I'll say it is a small world in more ways than one but when one Colemanite can walk down a street in London and bump smack into another Colemanite—Well, what do you think? I had just arrived in London and while walking around I spotted Dan Daly. He looks very fit."

I am corresponding with John Howarth and hope to arrange a leave when he has one. He has been kind enough to send me his Journals till mine catch up with me. I have been trying to contact Bill Naylor, as one of the chap I fly with knows him quite well and I would like to see him. Certainly hope to run into other

fellow from Coleman or the

Hostess (speaking about the cook): "Yes, she's an old family retainer."

Guest: "But you've only had her a few weeks!"

"Yes, dear, but these days two weeks is a long time to keep a servant."

**Public Hearings****Alberta Liquor Investigation Committee**

The Legislative Committee appointed to investigate the liquor and beer situation in Alberta will conduct public hearings as follows:

EDMONTON --- Legislative Building --- 10.00 a.m. MAY 6

CALGARY --- City Council Chamber --- 10.00 a.m. MAY 20

LETHBRIDGE --- Court House --- 10.00 a.m. MAY 22

SIX COPIES of submissions must be in the hands of the Secretary TEN DAYS prior to the hearing at which oral representations may be heard. Address all submissions and correspondence to the Secretary.

ALBERTA LIQUOR INVESTIGATION COMMITTEE,  
LEGISLATIVE BUILDING, EDMONTON

Hon. C. E. Gerhart, Chairman;  
A. Davidson, M.L.A.; H.E. Debolt, M.L.A., Members.  
H. D. Carrigan, Secretary.

**COMMUTING BY AIR is being planned  
for you by men who think of tomorrow**

TOMORROW'S HELICOPTER COMMUTER! . . . Step from your office building terrace into your Helicopter and commute to your hunting lodge on a mountain lake 900 miles away! That's more than a commuter's dream, for the Helicopters already designed will make it possible for you tomorrow. You can take off and land vertically . . . and fly so fast that your own hide-out in the woods will be only minutes away!

Yes—the Helicopter Commuter, promising a broader and more enjoyable way of life, is only one of the many wonders being planned today by MEN WHO THINK OF TOMORROW.

All these things will be ours some day. But there's one all important job that comes first—winning the war.

Only when the war is won can we expect our gallant sons and daughters home and enjoy with

then the great things envisioned for our future by MEN WHO THINK OF TOMORROW. So, let's intensify our war effort . . . keep up production rates . . . buy more and more Victory Bonds and War Savings Certificates . . . do everything we can to help speed this war to a quick, victorious end. Let's all be MEN WHO THINK OF TOMORROW.

THE HOUSE OF SEAGRAM

All Seagram plants in Canada and the United States are engaged in the production of high-proof alcohol to help speed the war to a victorious end. High-proof Alcohol for War is used in the manufacture of Smokeless Powder, Compasses, Navigation Instruments and many other wartime products.

FOODS VARY in the amount of energy they provide. Today bread is viewed as the best source of human fuel . . . and it actually supplies Canadians with one-fourth of their food energy. Is largely responsible for their high health record.

Bread is rich in carbohydrates. Made with milk, as is customary today, bread is also an important source of protein, equal to meat in maintaining muscular energy.

Keep fit for today's emergencies! Eat more of this delicious health and energy building food—bread!

## Cigarette Fund Notes

Thanks a million for Jan. cigs. Really hit the spot. Thanks for keeping them coming. Reg. Mc Mullen.

Dear Friends: Received cigs. Thanks a lot. Best regards and good luck—G. Burchell.

Dear Sirs: Received most welcome cigs. This is the third lot this year. Many thanks.—N. Cytko

Dear Sirs: Received your most welcome cigarettes. Am in Italy now and one is unable to buy anything. It's really cold over here. Thanks very much.—Ross Foster.

Thanks a million for cigs. Much appreciated.—Bill Niman.

Dear Sirs: Many thanks for another 300 cigarettes received yesterday. I see by The Journal you have received my cards. Everything is still the same with me. Best of luck to all—O. Barrington.

Dear Sirs: Just received the cigs... altogether 900. Thank you many times. Our gratitude and joy at receiving these gifts is sincere and deep. Jasper Jones is still with me and his regards.—Herman Hirsch.

Dear Sirs: Thanks very much for Nov. and Dec. cigarettes just received. Am now in Italy with Eighth Army. Thanks to the Union for their gift, also the Christmas letter. Am still in good health and I wish to thank the people of Coleman who make these gifts possible.—Archie Wragg.

Dear Sirs: Have received two shipments within past few days. Many thanks.—Gnr. Garrett.

Dear Sirs: I thank you for the season's greetings received yesterday. I was released from hospital in December and have now arrived back in Italy from North Africa. Due to so many changes in my address my mail is taking five months to reach me. Jasper Jones I see every day and he is looking real well. We are having Italian spring weather and this part of Italy is just like the Pass. There are many interesting places, the most interesting to me being the ancient city of Pompeii. Naples is, or was a nice city.

—H. Hirsch. . . . V . . .

## JOIN THE C.W.A.C.

**Sixth Victory Loan to Open on  
Monday, April 24; Coleman to Seek  
Quota as Quickly as Possible**

**Canvassers Assigned to  
Respective Zones Throughout  
Town and District. Headquarters  
Set Up in Sam Bannon's Main  
Street Office**

Coleman will start the Sixth Victory Loan early Monday morning as canvassers, kit under their arms, march to various sections of the town and district and solicit citizens to invest in Sixth Victory bonds.

This year we have again been assigned the task of raising \$102,000 the same as in the Fifth loan. Last loan we raised \$111,950 and unit organizer Frank Aboussafy and his salesmen confidently expect to reach and surpass the present quota. A determined bid

will be made by the local organization to get the quota as quickly as possible and have Coleman's name placed along with the early successful units of the province.

Unit headquarters will be in Sam Bannon's office on main street directly opposite the White lunch cafe. Subscriptions will be accepted by salesmen, at unit headquarters or by Mr. Rippon at the bank.

The salesmen have been more or less assigned the same zones that they have canvassed in past loans. The same courteous reception is asked for them this loan from the public as they have received in the past.

**Sixth Victory Loan Concert in the  
Community Hall on Sunday 8.15;  
To Unveil Town's Honor Roll**

**Returned Men to Speak. Two  
Films to be Shown Along with  
Musical Program; Expect Hall  
to be Packed to Capacity**

Coleman's War Finance Committee will give the 6th Victory Loan an auspicious start on Sunday evening by sponsoring a grand concert which is expected to be attended by a capacity audience. The concert will commence at 8:15 which will allow all local churches to complete their evening services.

Arrangements have been made to bring in two returned men to give short addresses on their experiences across the Atlantic and the necessity of purchasing bonds

to help finish this war as quickly as possible.

Two films, Department Report and Target, Berlin, will be shown and they have a message no one should miss. One of the features of the program will be the unveiling of the town's honor roll by The Legion. Entertainment will also be featured by local artists.

Unit chairman Wm. White and Unit organizer Frank Aboussafy will give brief addresses regarding the loan.

Persons planning on attending the concert are asked to be seated in the hall by 8:15 sharp as the program must start on time

**Members of The  
Armed Forces  
Pictures Wanted**

Bob Patterson, manager of Patterson's Hardware, is desirous of securing the basic pictures of local people in their armed forces in order to display them to the public during the three weeks of the Sixth Victory Loan. Take the pictures to his store and they will be properly displayed and given every care while in his custody during the next three weeks. He desires the window be made ready this week-end, so please take the pictures to him as soon as possible. —V—

**May Organize Coleman  
Merchants' Association**

A number of local merchants met on Monday evening and discussed the subject of organizing Coleman Merchant's Association. Following some discussion W. Dutil, R. R. Patterson, J. Kerr and A. Toppino were chosen as a committee of four to make personal contact with all merchants and find if they were in favor of a Merchants' Association.

The committee will report its findings at a meeting to be called following conclusion of the Sixth Victory Loan. —V—

**Sorry To See You Go**

(Continued from Page 1) was a sense of personal loss. However one comfortable feature about the whole thing was that Mac was only going 170 miles away and the opportunity would afford itself on a number of occasions to go up to Calgary and visit the MacBurneys.

J. J. McIntyre described Mr. McBurney as a great sport and a great gentleman. He dwelt for a short time on the hectic days of hockey rivalry between the three Pass Towns. He had resided in Bellevue in those days while Mac was in Coleman. However when the time came for Bellevue to build its own arena and required the building plans of the Coleman arena to copy from he had found Mr. McBurney a grand sport. He held Mr. McBurney as a wonderful model for the youth of the community to follow. It was a loss to the community and he wished Mr.

and Mrs. McBurney long years of happiness.

Wm. Cole remarked that he had known the honored guest for a great many years and it had been his good fortune to hunt and fish every year with him. He paid tribute to Mr. McBurney's community activities in Coleman and pledged himself to assist in the good work which Mac was now leaving.

Jim Kerr was called upon to make the presentation and stated he had known Mr. McBurney for 19 years and had fished and hunted with him throughout the years. On behalf of the businessmen he presented Mr. McBurney with a handsome wrist watch and wished he and Mrs. McBurney many years of health and happiness.

In reply Mr. McBurney stated he had enjoyed every moment of his community work. He publicly expressed his appreciation to Frank Aboussafy for taking over the duties of Victory Loan unit organizer when sickness had forced him to seek a successor. He also thanked the loan salesmen for their faithful work. He felt keenly his leaving but as he was only going 170 miles from Coleman he hoped to be back often to see his many friends. He gave his address to his listeners and extended a warm welcome to visit him and Mrs. McBurney when they came to Calgary. He would treasure the gift always.

The gathering stood up and sang "For He's a Jolly Good Fellow."

Mr. Aboussafy paid tribute to Mr. McBurney for his management of the Victory Loan during the first four loans. No better man could have headed the organization, stated Mr. Aboussafy.

**PRESENTATIONS**  
Coleman Bridge Club on Tuesday evening presented Mr. H. C. McBurney with a signet ring, suitably engraved, and bade him goodbye and good luck in his new home.

The Ladies' Bridge Club and friends met at the home of Mrs. Lee McDonald on Tuesday evening and presented Mrs. McBurney with a pair of bedroom lamps and a pendant. —V—

## U.N.R.R.A. Meets In Canada

IT WAS RECENTLY ANNOUNCED that the second meeting of the United Nations Relief and Rehabilitation Administration, now commonly known as U.N.R.R.A., will take place in Canada, in June. The first gathering was held in Atlantic City, in November, 1943, when detailed plans were drawn up for a world-wide program of relief and rebuilding. The problems faced by this organization are enormous, and the proceedings of the approaching meeting in Montreal will be of great interest to the people of all the United Nations. As the tempo of the Allied offensive against Germany increases, the importance of having a well-organized plan for the relief of war victims, particularly in the countries now occupied by Germany, is apparent. The function of U.N.R.R.A. is to "plan, co-ordinate and administer, or arrange for administration, of measures of relief of war victims in any area under the control of the United Nations."

### Positions Held By Canadians

Represented on U.N.R.R.A. are thirty-three United Nations, ten associated nations, and the French Committee of National Liberation. The Director-General is Mr. Herbert H. Lehman, a former governor of New York State. Mr. Lehman was at one time the United States' Director of Relief Operations and he has had wide experience as an administrator and in the realm of social reform. The Deputy Director is Sir Arthur Salter, a British expert on economic relations and international transport, who has held many important administrative posts in the government of Great Britain. A Canadian, Mr. L. B. Pearson, Minister-Counselor of the Canadian Embassy at Washington, is the chairman of the key committee on supplies. Other Canadians who are giving their services include Mr. Andrew Cairns of Edmonton, who is chief of the division of food, and Miss Mary Craig McGeachy, director of relief.

**Many Resources To Be Required**

The purpose of U.N.R.R.A. is to "heal the scars of war" by the provision of clothes, food and medical supplies, and to rebuild the war-torn countries from the standpoint of economics and agriculture. All this will be done with the object of putting these countries as soon as possible, in a position to help themselves. It is apparent that this all represents a task of enormous proportions. Estimates of some of the financial resources which will be needed include: a billion and a half dollars from the United States, 320 millions from Britain, 90 millions from Canada, and 40 millions from Australia. These make up only a portion of the total requirements. Other resources which must be made available will be twenty three and a half million tons of shipping to carry raw materials, and fifty million tons of food. As a great agricultural country it is clear that Canada has an important part to play in the work of U.N.R.R.A., and the forthcoming meeting will be of great interest here, and to the people of all the United Nations.

## "I've found I can give up dosing!"

"I've found a far better way to correct constipation! One that gives me the kind of lasting relief I've always wanted, and never got, from harsh pills and purgatives. I've tried everyman, but it's KELLOGG'S ALL-BRAN regularly for me from now on." Such a happy experience just one of thousands

### Policy Of Expansion

Britain Will Try To Keep Up Employment After The War

Col. Hon. J. A. Astor, president of the Empire Press Union and publisher of the London Times, said at Ottawa that Britain after the war will strive to keep up employment, purchasing power and her home market, by a policy of expansion and by adaptations of the "strictest principles" of finance.

In an address prepared for delivery before the Ottawa Canadian Club, Col. Astor said that, like Canadians, the people of Britain now are thinking not only of the war but also of the peace, even though their first preoccupation is the war effort.

### Empire News

#### Much To Be Done In Spreading Information When War Ends

With the collection and distribution of Empire news have been greatly improved, much more remains to be done in the way of regular publication of this type of news in the peace years.

There is a complaint of long standing that the British daily newspapers devote little space even in normal times to news of Empire origin. Their main preoccupation is with European happenings. Similarly, the press of the Dominions while carrying much British news and comment largely neglects to chronicle leading events in sister Dominions. Distance, of course, is an impediment to the growth of keen interest but now that the war has revealed their strong community of interest and mutual aims, there may be an improvement along this line when the war ends—Calgary Herald.

#### PLENTY OF WORK PROMISED

Canadian industrialists have plans already in their desks to employ 25 per cent more workers and to purchase new equipment running into millions of dollars by the end of the first year of the post-war period, a survey made by the Financial Post indicates. The survey covers 2,400 Canadian firms, employing 50 hands or more.

According to the last census, 78 per cent of the Canadian homes had radios.

### Commands Bands

—Canadian Army photo.

Capt. Grace McNeill of Hamilton, Ont., who has been appointed officer commanding the CWAC Pipe and Military Bands. Capt. McNeill will accompany the bands on their eight-month Dominion tour, which has started in the Maritimes.

### Dominion Tour

Captain Grace McNeill Commands Women's Army Pipe And Military Bands

Appointment of Capt. Grace McNeill of Hamilton, Ont., as officer commanding the Canadian Women's Army Corps Pipe and Military Bands was announced by National Defence Headquarters.

Recently returned from a course of instruction at the A.T.S. overseas, Capt. McNeill left Ottawa to join the CWAC bands in St. John, N.B. She will accompany them on their eight month Dominion tour.

One of the pioneer members of the CWAC, Capt. McNeill took her basic training with the first class at Macdonald College, Que., in February 1942. She received her commission in June of the same year.

Previous to attending the A.T.S. course in Britain, Capt. McNeill held the post of Company Commander at the C.W.A.C. basic training centre at Kitchener, Ont.

### SMILE AWHILE

"I love your daughter, sir. I should suffer to my dying day if I should ever cause her a moment's pain."

"You're right, young man, you would. I know that girl."

"Have you a speaking acquaintance with the woman next door?"

"A speaking acquaintance? I know her so well that we don't speak at all!"

Jane—Did you observe that Perry Wilmer gave me his first dance last evening?

Grace—Yes, he told me later on he believed in getting disagreeable things done as soon as possible.

Nervous Passenger—What if a bridge has been hit and the train falls into the river?

Guard—That's all right, sir. We have plenty of trains.

Visitor—What is this on the register?

Hotel Clerk—A bug, sir.

Visitor (laying down the pen)—I don't mind if you have bugs in this hotel, but when they come out to see what room you take—that's too much.

Private—*I know a good joke about crude oil!*

Skipper—*Well, spring it!*

Private—*If I ain't refined!*

Henry—Bess, you know how I feel toward you. Do you reciprocate?

Bess (with a sly glance)—Henry, does this mean annexation?

"This letter says my dachshund died."

"What happened?"

"He met his end going around a tree."

"Sir, you poked your umbrella in my eye!"

"Pardon me, but I did not. This umbrella belongs to a neighbor of mine named Postlethwaite."

Missionary—Poor man! So you know nothing of religion.

Cannibal—Ah, yes. We got a taste of it when the last missionary was here.

The pupil was asked to paraphrase the sentence: "He was bent on seeing her."

He wrote: "The sight of her doubled him up."

Did you hear about the dentist who married a manicurist? They fought tooth and nail.

### GARDEN NOTES

#### On Guard

The small garden, both flower and vegetable, are more especially the latter, is very liable to pest damage. Sparrows may pour out on the lettuce, cut worms girdle the tomatoe, grubs attack the carrots or beets. One must be on guard constantly because if we are not ready to go into action the instant the attack occurs, it will be too late. Indeed with certain pests like sparrows, starlings and cut worms it is best to prepare in advance.

Often a scarecrow or a few bits of old straw bags, or a little brush spread over a garden of lawn will scare away birds. In some cases lettuce and such tempting leaves are grown under a wire netting, which is removable.

Plant cucumbers around the stems of flowering rags, or a little brush spread over a garden of lawn will scare away birds. In some cases lettuce and such tempting leaves are grown under a wire netting, which is removable.

A good general guard against pests is cultivation. Cut worms and many other grubs don't like to be stirred up.

#### Keep 'Em Spaced

One can save a lot of space by thinning out by proper spacing of seed when sowing. With beans, peas and such seed from four to five inches apart is about right. With fine seeds like those of carrots, lettuce and such, it is difficult to thin to even and thinly, but with a little care one can easily prevent bunching. Care in sowing will be required when the plants start to grow, as much thinning will be saved.

But even with this careful sowing, some thinning is inevitable with such seed plants as parsnips and similar fine seed plants. The object is to give room for early growth and to be necessary to thin beets and carrots to more than an inch or so apart. Long before they have reached maturity a lot of the beets and carrots have been pulled and used. When used, however, a half grown one can start using every other one in the row.

#### Two For One

In the small vegetable garden, put in some rhubarb by alternating with narrow vegetables and larger, later sorts.

In the first category would be beets, radish, carrots, lettuce and possibly spinach. These things are more compact, take little room and mature quickly. They should be spaced about 18 inches to two feet apart. Then in between put the larger and later-maturing vegetables—things like beans, tomatoes, corn, potatoes, cabbage and celery. Corn, however, because it bears out of the ground, the larger and later vegetables need all room. In this kind of intensive gardening soil should be well fertilized and cultivated.

### Journalism Award

#### Annual Competition Has Been Proposed For Canadian News Writers

An annual Canadian journalism award of \$1,000, comparable to the American Pulitzer prize, was proposed at the Canadian Daily News Association board meeting by Dora Dibney of Regina, national president of the Canadian Women's Press Club.

The proposal was that the competition, open to men and women who are legal residents of Canada, be confined to the field of journalism—newspaper coverage, editorials or articles published in the daily, weekly or monthly press of Canada.

#### VERY NECESSARY

A man in Portland, Oregon, wrote to the local office of the O.P.A. asking for a priority to buy a gas stove. The following was his reason. "I have always had a wood stove, but now my wife is sick and can no longer bring in the wood."

The temperature seven miles above the earth is nearly constant, according to scientific tests.

**WHEN NERVOUS TROUBLES MAKE ME "SHAKY"**  
I FIND DR. MILES NERVINE HELPS TO RELIEVE NERVOUS TENSION AND CALM JITTERY FEELINGS

"Sir, you poked your umbrella in my eye!"

"Pardon me, but I did not. This umbrella belongs to a neighbor of mine named Postlethwaite."

Missionary—Poor man! So you know nothing of religion.

Cannibal—Ah, yes. We got a taste of it when the last missionary was here.

The pupil was asked to paraphrase the sentence: "He was bent on seeing her."

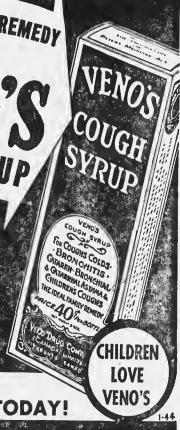

He wrote: "The sight of her doubled him up."

Did you hear about the dentist who married a manicurist? They fought tooth and nail.

#### No Tires

#### Man With No Special Permit Will Not Get Tires For At Least A Year

The "man on the street" who has no special permit will not be able to get his tires for at least a year. James I. Simpson of Toronto, chairman of the rubber advisory committee said at Calgary in an interview. Mr. Simpson is president and general manager of Dunlop Tire and Rubber Goods Company, Ltd., and president of the Rubber Association of Canada.

#### Market For Canada

If China's Standard Of Living Increases Only Ten Per Cent, Gen. Morris A. (Two Gun) Cohen, under Sun Yat Sun, commander-in-chief of the Chinese National army in the 20's and later adviser to Chiang Kai-shek, said in an interview at Toronto that China can "keep Canada busy" in the post-war years if there is but a 10 per cent. increase in her standard of living. "11 bowls of rice per week instead of 10."

Normally, a battleship carries 59 typewriters, but only 30 in wartime.

#### GEMS OF THOUGHT

#### NATURE

Nature pleases, attracts, delights merely because it is nature. We recognize in it an Infinite Power.—W. Humboldt.

Great things are done when men and mountains meet; That is not done by jostling in the street.—William Blake.

Tongues in trees, books in the running brooks,

Sermons in stones, and good in every thing—Shakespeare.

Nature's first and last lesson teach man to be kind, and even pride should sanction what our natures need.—Mary Baker Eddy.

The laws of nature are the rules according to which effects are produced; but there must be a lawgiver—a cause which operates according to these rules.—Thomas Reid.

Full often too Our wavy intellect, the more we learn

Of nature, overlooks her Author more.—Cowper.

#### HAS SEEN ACTION

Matron of a London war factory, Mrs. L. B. Dunster wears the African Star Shawl. She served in the merchant marine, was under fire at the evacuation of Dunkirk, saw the Jersey Bay go into action and was there when the San Demetrio was hit by German shells.

## Discover Home Skin Remedy

This clean, stainless antiseptic known all over Canada as Moone's Emerald Oil is such a fine healing agent that Eczema, Psoriasis, Itching, Skin Irritation, Rashes and Feathers and other inflammatory skin eruptions are often relieved in a few days. Moone's Emerald Oil is a true antiseptic and it is so antiseptic and penetrating that many old stubborn cases of long standing are often cured in a short time. Moone's Emerald Oil is sold by good druggists everywhere to help rid you of stubborn pimples and acne. It is safe, non-toxic and non-irritating.

#### PLENTY OF WORK PROMISED

Canadian industrialists have plans already in their desks to employ 25 per cent more workers and to purchase new equipment running into millions of dollars by the end of the first year of the post-war period, a survey made by the Financial Post indicates. The survey covers 2,400 Canadian firms, employing 50 hands or more.

According to the last census, 78 per cent of the Canadian homes had radios.

# A UNITED NATIONS COUNCIL IS ESSENTIAL REQUISITE FOR A DURABLE AND JUST PEACE

## LARGE PORK STOCKS

Storage At April 1 Was The Highest In Canada's History

OTTAWA.—The Dominion bureau of statistics reported that storage stocks of pork in Canada, most of it destined for shipment overseas, totalled 104,246,631 pounds at April 1, highest in the Dominion's history—compared with 98,733,235 at March 1 and 49,966,780 at April 1, 1943.

Lard stocks also were heavy at its own," said the publisher:

1. "Have jurisdiction over the air traffic of the world."

2. "Facilitate trade between all nations and work to free that trade of cartel control."

3. "Strive to make fair access to vitally needed raw materials a fact."

4. "Set up machinery for peaceful settlement of international disputes."

5. "Make it its business to assist backward peoples to capacity for and realization of self-government."

"I realize that such self-government is not always immediately in sight. But our times move rapidly and reforms even of this magnitude are by no means impossible."

"There are men in our countries who believe it is visionary to point to the kind of world organization of which I have spoken today," Field told the Toronto advertising and Sales Club in an address held in connection with Canada's Sixth Victory Loan campaign which opens April 24.

"But . . . I am not more visionary than most of my fellow citizens, judging from poll after poll of public opinion taken by responsible agencies in the United States. My countrymen . . . are ready to extend their sovereignty to a general organization, if it is good enough, as the primary basis of the peace."

Of "one of the key problems of Europe"—Germany—the publisher declared:

"When Germany surrenders she must be disarmed. Her outstanding war criminals must be punished, if not by the Germans themselves, then by Allied justice. The German army must be disbanded and kept disbanded. We need to see to it that German factories are not turned again to armament. To these ends, an Allied army of occupation must be kept in Germany."

## BRAZILIANS IN FIGHT

LONDON.—The Algiers radio said it had been officially announced that Brazilian airmen now are co-operating with the Allies. Mediterranean air force over the Anzio beachhead in Italy.

URMSTON, Lancashire, Eng.—On the ground that "it would spoil the English Sunday," Urmston town council has refused American soldiers permission to use the public park for Sunday softball games.

## BRITAIN AND U.S. ARE ACTING IN CONCERT TO CHOKE OFF NEUTRAL TRADE WITH GERMANY

LONDON—Britain and the United States—acting in concert before the Axis of bull bearings and the raw opening of the western front to choke materials and machines used in making off neutral trade with Germany—  
the bearings.

Neutral reports to London indicated that country's export of war materials to the Reich.

This further demonstration of a new "get tough" policy swiftly followed protests against increased chrome shipments from Turkey to Germany and the seizure by Spain of Allied oil stocks at Tetuan, Spanish Morocco.

The economic isolation of Eire was tightened.

Delivery of the Anglo-American note concerning Swedish trade with Germany by the United States minister, Herschel V. Johnson, at Stockholm thus put the fourth blade in United States Secretary of State Cordell Hull's new program. It was widely expected to be followed by a similar representation to Lisbon on Portuguese wolfram exports to Germany.

The Swedes' recently renewed trade pact with the Germans provided a reduction in iron, steel and ballbearing deliveries. The Allies now are exerting pressure for a maximum cutoff of supplies to Germany to cripple Hitler's war machine as the climax of the war approaches.

Stockholm reports said the note de-

## Colonial Secretary

Viscount Cranborne, now British colonial secretary and leader of the House of Lords.

## TAKE HEAVY TOLL

### Mines Laid By British Planes Sink Many Enemy Ships

LONDON.—More than 1,000,000 tons of enemy shipping has been sunk by mines laid by British planes since the spring of 1940 in the thousands of square miles of water along the enemy coast from the Bay of Biscay to the Gulf of Danzig, the air ministry announced.

The offensive also is designed to check the import of raw materials from Norway, Sweden and Spain.

"The coal and iron ore traffic between Germany and Sweden has been seriously interrupted," the ministry said.

The airborne mine is a long cylinder weighing about 1,500 pounds, which is released by parachute. The firing mechanism is either magnetic or acoustical. The former is activated by the magnetic flux of a ship passing over it and the latter by the sound of the ship.

## MUST BE PREPARED

LONDON.—The second front, when open, will have repercussions on the home front. Women of Britain have been warned that when the zero hour approaches they will be asked to stock their cupboards with two weeks' emergency supply of food. This will prevent shortages if communication systems become disrupted.

## WHEAT PAYMENTS

### About \$39,000,000 Goes To Farmers Under Participation Certificates

OTTAWA.—Trade Minister MacKinnon announced payment of participation certificates for the 1940, 1941 and 1942 wheat crops in which approximately \$59,000,000 will be distributed to about 200,000 prairie farmers.

The actual payments will be 6% cents per bushel for 1940 crop wheat, 14½ cents for 1941 and 11½ cents for 1942.

The basic per bushel payment for each grade will vary to allow for the differential between the initial spreads under No. 1 Northern "which have necessarily to be estimated at the beginning of each crop year," and the final spread obtained for the sale," Mr. MacKinnon said.

He added that payment figures for each grade will be brought to the closest decimal point in each case, and said that this closes out the three crop years.

## NEEDS MORE MEN

### Germany Is Taking Prisoners From Italy And Greece

BARI, Italy.—Strong confirmation of Germany's dire need for manpower for bomb-ravaged industries was received with word that 3,000 Italian prisoners have been sent from Athens already this month to fill jobs in the Reich. With them went 180 Greek workers, and reports reaching Allied authorities said 600 Greek hostages, meanwhile, were leaving a concentration camp at Salonicca for Germany and an additional 800 were arriving at Salonicca from Yanina bound for the same destination.

## HEALTH CONFERENCE

### Dominion Meeting To Be Held In Ottawa On May 10

OTTAWA.—A Dominion provincial health conference will be held in Ottawa May 10-12, inclusive. Provincial ministers of health and their deputy ministers have been invited to attend the conference.

Purposes of the meeting will be to consider the draft health insurance proposals, now being considered by a special parliamentary committee on social security, said Mr. Mackenzie.

## British War Brides Learn How

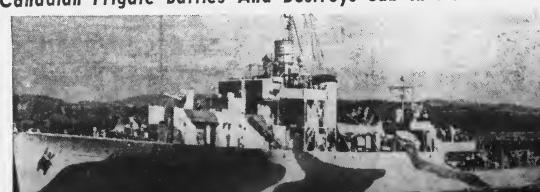

British war brides help one another make salad dressing to suit the taste of their Canadian husbands, at a weekly cooking class for British war brides held in Toronto, Ont. They are Mrs. Bill Freeman, left, whose husband is formerly of Stratford, Ont., and Mrs. Robert R. Peace, whose husband, back for aircrew training, is stationed at Windsor, Ont.

## British M.P.'s Arrive In New York By Clipper

Left to right, as they arrived at Laguardia Airport, New York, are Leonard Gammons, Peter Macdonald, Henderson Stewart, John Wilmet, members of the British parliament who arrived on the Pan American clipper.

## Canadian Frigate Battles And Destroys Sub In North Atlantic

H.M.C.S. "Waskesiu", above, first frigate ever to be built in a Canadian shipyard, recently attacked and destroyed a U-boat during an action in the north Atlantic which lasted for about two hours.

## TREATY WHICH RELINQUISHES CANADA'S TERRITORIAL RIGHTS IN CHINA IS NOW COMPLETED

OTTAWA.—Canada concluded a treaty with China formally relinquishing extra-territorial rights and not less favorable than that enjoyed by other privileges which, under treaty by its own nation in legal provisions, Canada together with the administration of justice and the levying of taxes.

Consular officers of each country are to have the right to interview and communicate with their own nationals and are to be informed whenever any of their nationals are arrested and may visit them and receive communications from them.

## WOULD LINK ROADS

### Proposed Bill To Connect Prince George, B.C. With Alaska Highway

WASHINGTON.—Representative Warren Magnuson (Dem., Wash.), chairman of the Alaska international highway commission, said if congress extends the life of the commission a bill will be introduced to authorize payment of the United States' share of a proposed \$12,000,000 road running from Prince George, B.C., to connect with the Alaska highway in the Whitehorse area of the Yukon.

The commission expires next June 30 and Magnuson said after a conference with war department officials he would introduce a bill extending its life.

## PLAN CANCELLED

### Shortage Of Parts For Electrical Refrigerators Forbids Production

OTTAWA.—D. P. Cruikshank, metals co-ordinator for the prices board, announced cancellation of a proposal for resumption of production of electrical refrigerators for the civilian market because of shortages of component parts.

Real property held by Canadians in China may not be alienated to the governments or nations of a third country without the consent of the Chinese government. If the right to transfer is refused the Chinese government has agreed to take over the property and pay adequate compensation.

Canadian nationals in China are to be accorded the right to travel, reside and carry on trade in China.

## GREATER SACRIFICES MUST BE MADE BEFORE THE WAR IS WON SAYS NAVY SECRETARY KNOX

TORONTO.—The war, United the war, "with the initiative firmly in the hands of the Allies." But he warned, "we far from won."

In fact "the period of greatest sacrifice still lies ahead," he said at a dinner connected with Canada's Sixth Victory Loan, which opened thoughts to post-war periods."

Now is the time, he said, for the major Axis powers still hold their main fortresses intact and the roads to Berlin and Tokyo will be "long and bloody".

The navy secretary, introduced by Canada's Navy Minister Macdonald, conceded great encouragement was to be found in the current trend of

For those at home to relate their war effort at this point would be "a species of treason," Mr. Knox said.

He likened the Allies' present position to that of a fighter who has driven his opponent to the ropes and prepared to "swing from the floor" and land the knockout.

Mr. Knox praised accomplishments of the Royal Canadian Navy in battling the U-boat menace and in assisting to convoy some 50,000 ships across the North Atlantic.

He also noted Canadian naval exploits in the invasion of North Africa, Sicily and Italy, along the convoy route to Russia and in the recapture of the Aegean islands.

The navy secretary lauded cooperation between Canada and the United States in the field of war production. "We have made a record without parallel in history," he said. "Together, we have wrought a miracle."

He stressed the need for continuation of such inter-Allied co-operation into the post-war era particularly between the British Commonwealth of Nations and the United States. This, he said, would be "the indispensable prerequisite of any world understanding that will prevent aggressive wars in the future."

Responsibility for nurturing this relationship among English-speaking peoples lay largely with Canada and the United States, Mr. Knox said. He advised that all similarities, rather than differences, between the British and American peoples be emphasized by writers and public speakers.
